

August 2023

Hi - welcome to the 2023/2024 school year! It's going to be a wonderful year!

After being in the classroom for 15+ years along with coaching baseball at all levels for 20+ years teaching 5th and 6th grade students/players is definitely the best!

The best weather ever is during the summer so hopefully you have had plenty of opportunities to soak it in no matter what it was that you were doing. I definitely enjoyed some music outside. Traveling with the family to the beach, spending time with friends and family on the athletic fields or going to the dog beach with our little furry pal Chance (80lb Newfoundland-poodle mix)!

This year, our Physical Education Department team includes: Joe Taylor, Sarah DeCaluwe, Jeneane Pence, and Jessica Radcliffe (Fitness and Team Building and Health).

I will be teaching both 5th grade and 6th grade Physical Education classes. Throughout the year there will be times that we will be co-teaching. We are all so excited for all that awaits you. We look forward to working with all of you and watching you all grow inside and outside of our class. We look forward to challenging each of you and watching you push yourselves to new heights.

As a teacher, parent, and coach I know how important it is to have an open line of communication, so please don't hesitate to reach out to me with any questions or concerns. We look forward to getting to know each of you.

Fondly,

Justin Drexler
