

Dear Families,

Welcome to the 2017-2018 school year! My name is Mrs. Zorger and this year I'll be teaching four sections of Math and one section of Social Studies. I'm excited to meet my students and their families and look forward to a successful year!

I wanted to tell you a little about myself. I grew up in Baltimore, Maryland where I loved playing soccer and tennis. I attended Syracuse University and earned my B.S. in Inclusive Elementary and Special Education. After college, I moved to Chicago and have lived there for ten years. In Chicago, I obtained my M.S. in Teaching Elementary Mathematics at UIC. This will be my 12th year teaching 6th grade and I truly love the profession and being a role model to middle school students.

This summer I enjoyed my time relaxing and traveling. I spent time in Europe (Scotland, England, Norway, and Portugal), Maryland, West Virginia, and Delaware visiting with family and friends. Over the summer, my husband, daughter Zoey and I also moved to Evanston. I'm excited to have a house and to be very close to Highcrest!

When I'm not teaching, some of my other interests include experimenting in the kitchen with fun healthy recipes, trying new fitness classes, exploring the city, and hanging out with my family.

As summer comes to an end, I hope you had a relaxing, exciting, and happy few months.

I look forward to working together and I know we will have a successful year. Please feel free to email me with any questions and/or concerns.

Sincerely,

Mrs. Zorger
