

August 20, 2018

Hello, and welcome to the 2018/2019 school year! I can assure you that after 19 years of middle school teaching, 6th grade is truly the best!

While summers always tend to fly by, they never fail to fill our hearts with lifelong memories. With my husband and 8-year old-son, Lucas, I strolled beautiful beaches, biked off beaten paths, and lounged at my favorite pools and parks. My favorite place that I visited this summer was Diagon Alley in the Harry Potter themed park at Universal Studios in Orlando, FL. From Butterbeer and chocolate frogs to wands and wizards, this Muggle loved the magic around each corner!

This year, our team consists of Ms. Burchert (Learning Behavioral Specialist), Mrs. Bartsch (Math), and Ms. Bishop (Science). I will be teaching an ELA block as well as a Social Studies class. We are all so excited for all that awaits you. We simply love our team, love our content areas, love Highcrest, and will soon grow to love our new students as well!

Never hesitate to reach out to me with any questions or concerns. Most importantly, welcome to OUR Classroom!

Ms. Flanigan
6th Grade Teacher
